## Press Release

### VSA Capital appoints Phil Smith as head of its African operations

VSA Capital has appointed Phil Smith as its Technology and Alternative Energy Analyst in our Research team in London with a focus on providing analyst research in support of our client companies both publicly quoted and private. Phil joins from SP Angel Corporate Finance and has 20 years of analyst research experience across the technology and alternative energy sectors, with a track record of working with UK and global clients. Phil previously worked in the technology industry within the semiconductor divisions of Texas Instruments and Philips.
